Overview

The tables that follow summarize some features of the 2027 Nokia medical and dental plan options applicable to eligible individuals covered under the formerly represented retiree plan design. Use them:

- **During the annual open enrollment period** — to compare plan options and coverage details before making your enrollment decisions.
- **All year** — whenever you need information about your plan option or to determine whether a particular service or supply is covered.

How do these tables work?

Check and confirm:

1. Which specific options apply to you

You may not be eligible for all of the benefit plan options shown in these tables. To confirm the coverage for which you (and your dependent[s]) are eligible, you can:

- Visit the YBR website at digital.alight.com/nokia or via the Alight Mobile app; or
- Call the Nokia Benefits Resource Center at 1-888-232-4111 (TTY 711). After the welcome message, choose the option for “all other benefit questions” or press 3. Follow the prompts to authenticate your identity. After you hear the “it’s annual enrollment time” message, say “annual enrollment” or press star to reach a representative.

2. What’s covered

For your quick reference, these tables show coverage details. Note that, for a service or supply to be covered, it must be:

- Medically necessary for the treatment of an illness or injury, or for preventive care benefits that are specifically stated as covered;
- Provided under the order or direction of a physician;
- Provided by a licensed and accredited healthcare provider practicing within the scope of his or her license in the state where the license applies;
- Listed as a covered service and satisfy all the required conditions of services of the applicable options; and
- Not specifically listed as excluded.

In some cases, there may be additional required criteria and conditions. Services and supplies meeting these criteria will be covered up to the allowable amount or the negotiated rate, if applicable.

Medical

Please note: For the medical services shown in the table below and on the following pages, where coverage is expressed as a percentage, it is a percentage of:

- The provider's contracted rate, for in-network Point of Service (POS) option and UnitedHealthcare® Group Medicare Advantage Preferred Provider Organization (PPO) services, or
- The Medicare-approved fee schedule, for out-of-network UnitedHealthcare Group Medicare Advantage (PPO) services.

For Traditional Indemnity (TI) option services and out-of-network POS option services, claims for eligible expenses are administered through the Naviguard® program. Naviguard determines the allowable reimbursement amount and provides member advocacy services to assist with provider billing and reimbursement-related questions.

Additional information about your prescription drug coverage

Your CVS Caremark prescription drug coverage also includes these cost-saving programs:

- **The PrudentRx Copay Program for certain specialty medications.** Specialty medications on the PrudentRx Copay Program Drug List are subject to a 30% coinsurance payment, after any applicable prescription drug program deductible is satisfied. However, members who participate in PrudentRx will pay \$0 for prescriptions on the PrudentRx Copay Program Drug List.

If you or a covered family member takes one or more specialty medications on the PrudentRx Copay Program Drug List, you will receive a letter from PrudentRx with information about the program. You must call PrudentRx to register for any manufacturer copayment assistance program available for a covered specialty medication or to opt out. If you do not enroll in an available manufacturer copayment assistance program or if you opt out, you will pay the full 30% coinsurance amount for your specialty medication. For more information, refer to the letter you receive from PrudentRx or call 1-800-578-4403, from 8:00 a.m. to 8:00 p.m., ET, Monday through Friday.
